+ THE SECTOR

Infrastructure sector is one of the most important drivers for the Indian economy. The sector is highly responsible for actuating India's overall development and enjoys intense focus from Government for initiating and regulating policies that would ensure time-bound creation of world class infrastructure in the country.

+ THE SECTOR IN NUMBERS

- India's Infrastructure market to touch USD 6.6 trillion by 2025
- India's share of the Asia-Pacific infrastructure market to reach around 12.5%
- Transportation and Utilities investments set to triple by 2025
- Education Infrastructure spending to reach USD 18.9 billion by 2025
- Roads and Highways account for over 90% of India's PPP infrastructure projects
- 6 of the 9 major Asian Highway projects pass through India
- India is set to become the 3rd largest construction market in the world by 2020
- Indian Railways to have projects worth USD 1000 billion through PPP by 2020

- + **As per NITI Ayog's directional framework released in 2015, the government plans to focus on 5 major areas of infrastructure in order to augment overall infrastructure, attract investments and facilitate overall growth.**

- Railways
- Roads
- Sagarmala project (for ports and coastal development)
- Inland waterways
- Housing for All by 2022.

+ BEST INFRASTRUCTURE BRANDS COFFEE TABLE BOOK

WHY THE BEST INFRASTRUCTURE BRANDS COFFEE TABLE BOOK?

The economic times takes this opportunity to acknowledge the top performing companies in the infrastructure sector, who despite the multiple challenges like rising interest rates, stagnant order inflows, inflation etc. have stood up to the test of time and are creating a paradigm for others to get inspired from.

The Best Infrastructure Brands coffee table book presents the bright spots in the infrastructure domain. The leading companies are shortlisted and made to go through a comprehensive quantitative and qualitative analysis of the overall performance of the company, before they finally make it to the list.

Join us, to understand how these companies are shaping the Indian infrastructure industry and bringing it at par with global standards to concrete India's position as one of the fastest growing economies, infrastructure being at the heart of this story.

+ Evaluation Criteria

While evaluating these companies, the key factors that have been kept in mind are primarily market capitalization, diversity of projects and execution capabilities.

Infrastructure brands have been divided into three categories based on their total market capitalization, which is under INR 500cr, 500-1000cr and more than 1000cr.

+ Research Methodology

With the help of our "Knowledge Partner", Infrastructure Brands were shortlisted under three different categories based on their total market capitalization. The brands were included based on their order book value, delivered projects and media visibility.

+ The Economic Times Best Infrastructure Brands Coffee Table Book Unveiling Ceremony

The Best Infrastructure Brands book will be unveiled on the evening of the Economic Times Infra Focus Summit, taking place in New Delhi. Listed Infrastructure brands will be felicitated in a gala ceremony by senior dignitaries and representatives from the Government of India.

The unveiling ceremony will also have a special keynote on the importance of being identified amongst the best infrastructure brands and the responsibilities and expectations that comes with it.

A very high level interactive panel discussion with senior stakeholders from the listed companies will help in benchmarking best practices and pave the path for the best infrastructure brands to further improve their performance under set parameters followed by gala cocktail and dinner.

+ The who's who of the industry involved in the delivery of major infrastructure projects in India will be covered in the coffee table book and they will attend the unveiling ceremony:

- Urban & Rural Developers
- Construction Contractors
- EPC Companies
- Project Developers
- Master Planners
- Consultants (Environmental / Engineering / Project Management)
- Architects & Designers
- Road, Rail & Ports Development Companies
- Suppliers

and more...
